

Norfolk Education Library Service

Norfolk Reading Trail

How our fun Norfolk map will transform
your pupils' reading journeys

Bring excitement and interest into the learning of independent reading with a loosely structured and attractive package, using 'real' books and leisure non-fiction with good vocabulary.

Children will enjoy the personal challenge of a map and stickers to chart their reading development, and discover a broader range of wonderful books as selected by our team. Each loan collection of 30 items is bespoke, collated to your pupils' requirements and includes teachers' notes, a map for each pupil (up to 30), stickers and certificate templates.

The map shows real Norfolk roads and towns each representing a different genre, for example animals, fantasy. Children obtain stickers by reading one or more books in the different genres to place over the appropriate destination on the map. Each map also suggests further activities to encourage library use and family engagement.

A collection will be loaned for a school term and will cost £100, and may be renewed for a further term for £50.

What schools think

The children "liked the visual design of the map and the different coloured trails linked to each type of book. Another popular feature was the use of stickers to add to the map - they are all very keen to get as many as they can!...

...The children have all begun to look enthusiastically through their selected books and it's been a lovely, focused way to start a school day"

- Teacher Preston Primary School

'I think everyone will be able to find a book they like'.

- Pupil Preston Primary School

How to start your school's reading journey

Please contact the ELS office (see details below) for further information or to book your collection. Payment should be made through the Educator Solutions website www.s4s.norfolk.gov.uk

Get in Touch

We always welcome visitors so if you'd like pop into our office to say hello or select some resources for your school then please get on touch:
