

Christian Distinctiveness

Overview	<p>At St Faiths' Primary School, we ensure that the teaching of our Foreign Languages curriculum embodies our Christian Distinctiveness and gives our children the chance to be the best they can be. We regularly refer to and reinforce our School Values:</p> <p style="text-align: center;">Compassion, Responsibility, Honesty, Forgiveness and Perseverance</p> <p>Through our Foreign Languages curriculum, we believe our children are given a variety of opportunities to explore different ways of learning and points of view. In doing so, we give the children the tools and skills needed to develop a deeper understanding of the modern world and those within it.</p> <p>Quite simply, through the perseverance of learning a new language, children foster a deeper understanding of others. Looking at those who speak common languages from around the world helps children build their compassion and helps them to further understand the concept of a global community. Through forgiveness of pronunciation errors, children build confidence and an honest and genuine enjoyment of a skill that can open doors throughout their lives. The responsibility is such that children can develop all our school values through the practice of learning a new language.</p>
Our Story: Noah's Ark	<p>Through the teaching of a range of religious stories, such as our school Bible story of Noah's Ark, we further reinforce the idea that everyone is included at our school, regardless of their own life story and how different that might look to our own. By following God's word, everyone will flourish.</p>
