Phonics

'Spirituality is the bitter-sweet yearning for beauty, truth, love and wonder beyond ourselves. It is a longing we pursue together and a treasure we glimpse in ourselves and one another and seek beyond us into eternity. It is life in all its fullness.'

Wider English	Year 1 - Within discrete phonics teaching focus should be on ‘exposure’ of all possible spellings. Practise and application should then remain around the more common spellings. Within wider English lessons regularly model spelling words correctly using the 44 sounds chart. Year 2 - Within discrete phonics teaching focus should be on mastery of the more common spellings as well as delving deeper into the more obscure spellings. Practise and application should then be a balance of applying a range of different spellings in a variety of contexts for both reading and writing. Application of spelling should be monitored closely throughout writing in wider English and cross curricular (they should not just apply spellings in phonics!)

	Practise blending words containing phonemes learnt so far Week 1 –3 (words containing digraphs/trigraphs) mastery focus Week 2 – phase 4, including longer words, mastery focus Week 3 – phase 5 mastery focus Practise blending to read in a variety of ways: games, phonics books, real books. Practise reading longer words by cutting up written words into syllables – lots of opportunity for provision here too.			Practise oral blending and segmenting through small group and whole class games. Support children when spelling longer words, encouraging them to include initial, middle and end sounds in every word they write. Support pupils to use phoneme fingers and phoneme frames through adult-led, child-led and class challenges.		Support children to create their own spelling word banks using alternative spellings to support in their writing. Raise awareness of common spellings (specific to Year 1) by playing word sorting games. Support children to refer back to spelling rules for Year 1, helping them to apply alternative spelling with greater accuracy.		
	Explain purpose of alien words – simply to scan for phonemes we know! They don’t make sense so don’t turn them into a real word – however we can have fun with alien words, why not make up alien stories using alien names – BUT alien names don’t have capital letters! Modelling segmenting should be used in all daily practise whenever writing – whatever the subject, not just English! All subjects– teach correct spellings for key vocabulary , modelling use of alternative spellings and pronunciations.

Within wider English lessons regularly model spelling words correctly using the 44 sounds chart. Unpicking ‘zh’ by reading words											
Year 2	Within discrete phonics teaching focus should be on mastery of the more common spellings as well as delving deeper into the more obscure spellings (in blue). Practise and application should then be a balance of applying a range of different spellings in a variety of contexts for both reading and writing. Application of spelling should be monitored closely throughout writing in wider English and cross curricular (they should not just apply spellings in phonics!)											
	For words to ‘read’ and ‘spell’ please refer to Academic Breakdowns for each year group.

Practise/ apply	Practise reading and spelling words with adjacent consonants and words with newly learned graphemes Practise reading and spelling high-frequency & tricky words Practise reading and spelling polysyllabic words Practise reading and writing sentences.					
	Wider English - It is important to know the difference in meaning between homophones. In contractions, the apostrophe shows where a letter or letters would be if the words were written in full (e.g. can’t – cannot). It’s means it is (e.g. It’s raining) or sometimes it has (e.g. It’s been raining), but it’s is never used for the possessive. Introduce the past tense when referring to and teaching suffixes Sp2 Wk1 – Sp2 Wk3.

Provision for Pupils with SEND

Here are some recommendations for ways our Phonics curriculum can be adapted to meet the needs of children with SEND.

Please note, this is an example of adaptations and is not an exhaustive list.

- Pre-teaching of on the day grapheme-phoneme-correspondences and/or words – flashcards and sight words
- Post revision of on the day grapheme-phoneme-correspondences and/or words – flashcards and sight words
- Pre-prepared resources when reading – sound buttons added and tricky words highlighted
- Children working below ARE could have adapted application activities that meet the skills from the previous year group
- A range of teaching methods and techniques to promote discussion and understanding
- Use a range of methods to record their design and evaluation elements: typing, filming, recording, drawing...
- Working with an adult – use of timers to help motivate joining in with the sessions
- Sound and word mats
- Additional reading/writing interventions
- Pre-teaching of key concepts to support children's independent learning

Deeper Learning Questions

Deeper learning question starters:

- Is this **always, sometimes or never** true...
- Which is the **odd one out**...
- What's the **same/difference**...
- Is this **true or false**...
- Do you **agree/disagree**...
- Can you **prove**...
- Can you **convince me**...
