Foreword

This Single Equality Scheme brings together the school's approach for promoting equality in our policies and procedures and, most importantly in our day-to-day practices and interactions with the whole school community.

Our scheme includes our whole school – pupils, staff, governors, parents and carers and all those within our extended school community.

It is very important for us all to work together in achieving our aim of being fully inclusive and accessible and ultimately in providing a quality learning experience for our children and young people. It includes equality information about our school and our equality objectives which are reviewed as part of a four year cycle.

We will agree our objectives by looking at our schools equality data, policies and practice and consulting with our school community.

Ashley Best-White Executive Headteacher

Toni Rhodes Chair of Governors

“It is important to us all that we are happy at school, have lots of friends and have lots of opportunities to learn in different ways.”

School Council 2015

Introduction

Introductory Notes

Our school offers a broad and balanced curriculum for all our pupils and we are committed to upholding and promoting equality of opportunity. We know our school very well and use our understanding and data to inform our planning and objectives.

Legal Framework

We welcome our duties under the Equality Act 2010 to eliminate discrimination, advance equality of opportunity and foster good relations to age (as appropriate), disability, ethnicity, gender (including issues of transgender), maternity and pregnancy), religion and belief, and sexual orientation.

Our policy reflects the requirements of the Education and Inspections Act 2006 to promote community cohesion.

We also recognise these duties reflect international human rights standards as expressed in the UN Convention of the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

The Equality Act 2010 protects people from discrimination, it replaced nine major Acts of Parliament and almost a hundred sets of regulations. The Act provides a single, consolidated source of discrimination law.

The Act makes it unlawful for the responsible body of a school to discriminate against, harass or victimise a pupil or potential pupil

- In relation to admissions
- In the way it provides education for pupils
- In the way it provides pupils access to any benefit, facility or service
- By excluding a pupil or subjecting them to any other detriment.

2 Our school ethos, values and visions

In meeting the duties described above will mean that all our actions will embody our school's key principles and values.

- We respect each other's age, disabilities, gender, race, religion, gender identity and sexual orientation
- We celebrate diversity and use it to improve our outcomes
- We tackle difficulties for individuals as quickly as possible
- We strive to make the best possible provision for all pupils/students.
- We respect diversity. We know that treating people equally is not simply a matter of treating everyone the same. We adopt the Norfolk Inclusion Statement's view that inclusion is: "The process of taking necessary steps to ensure that every young person is given an equality of opportunity to develop socially, to learn and to enjoy community life."

- We know that equalities is not simply about protecting the potentially vulnerable. We believe that all children may be disadvantaged by the holding of prejudicial views, and seek to promote good relationships between all groups, and positive attitudes towards disabled people, people from different ethnic or cultural groups or faith backgrounds and people of different gender or sexual orientation.
- We value staff for their ability and potential to help us make the best possible provision for the children in our school.
- We are proactive in our efforts to identify and minimise existing barriers or inequalities.
- We seek the views of our school and wider community and involve them in policy review.
- We recognise our role in promoting community cohesion, and actively encourage the participation in public life of all learners in our school.

3 Our school within Norfolk's profile

7 What we have achieved so far

This section details some of what we have achieved so far in relation to the equality duties and celebrating the outcomes.

PSHE

We have introduced PATHs (Promoting Alternative Thinking Skills) in our schools and equality and diversity are recurrent themes throughout the scheme. Alongside our SRE curriculum we have a number of lessons throughout the year which focus on Diversity and Families.

Children's Learning Objectives include:

- I know the importance of being myself and being proud of who I am.
- I know that everyone should be treated equally. I know ways to help others feel equal and included.
- I know that there are lots of different types of family and that every family is special.
- I know that there are lots of different types of family and that every family is special.
- To recognise the way homophobic and other insults affect people. To understand they have a responsibility to challenge all forms of bullying.

For more information about PATHs, please see the school website.

Charity Events

- Instigated and led by children or staff with a personal interest in the charity, e.g. Genes for Jeans, Pink Day for Breast cancer, Coffee Morning for McMillan, JDRF Diabetes Day, Bandanas for Brain Tumour Trust Day, Cancer charities supporting relatives who were suffering etc.

8 Equality impact assessments

Equality Impact Assessments (EIAs) were introduced with the Race Equality Duty and prior to the Equality Act 2010 had been extended to include race, disability and gender.

All school policies are written to a template which includes a section on inclusion.

We undertake equality impact assessments to identify the impact or effect (either negative or positive) of our policies, procedures and functions on various sections of the population paying particular regard to the needs of minority groups. Where negative impacts are identified we then take steps to deal with this and make sure equity of service to all.

An inventory of existing policies has been undertaken and we are currently undertaking an ongoing rolling programme of impact assessment for all our policies and procedures.

9 Other School Policies

We have used our existing school policies to inform our Single Equality Scheme. These include:

- School improvement and Development plan
- SEN policy
