## Hainford Newsletter

Friday saw the first of our planned whole school transition sessions. We welcomed our new reception pupils into class 1 and Miss Gower was impressed by the warm welcome that all pupils, but especially our current reception pupils gave to our new reception pupils.

Across the rest of the school, all staff reported how successfully transitions between other classrooms went. If you have any queries or questions about next year then please don't hesitate to contact the school.

Phew! It looks like summer has arrived. Please can all children bring in a hat and come to school wearing sunscreen. Please remember that if children do need to bring in sunscreen this should be labelled with their name and can be kept in their bags. Children are not allowed to share sunscreen with other pupils.

As the weather heats up, there will be breaktimes where children will have to play in the shade if they do not have a hat in school. Thank you for your support.

## STEAM D&T Challenge Afternoon

STEAM Activities at Greshams: Launching our rocket!

Congratulations to our year 6 team who travelled to Gresham's yesterday to take part in a science enrichment activity afternoon. They programmed rockets and constructed rockets which were then successfully launched. Great work!

**Class 3 visit to Whitlingham Activity Centre**

Last Thursday, Class 3 visited Whitlingham Activity Centre to develop their team-building and problem solving skills. During the day, children took part in canoeing and raft building and it was a great success.

## Family Action Support

## Plan Bee - July 2025 New Costessey

**Understanding and supporting your neurodivergent child or young person's needs.**  
**A free course for parents & Carers**

Plan Bee is a 3 week course (2 hours per week) written by two Clinical Psychologists working in Norfolk Community Health and Care. We have been commissioned by Norfolk ICB to deliver this course for parents and carers of children who have suspected or diagnosed neurodevelopmental conditions.

All behaviour is a form of communication. Our course supports parents to understand their child's individual needs and how to best support them.

**The aim of this course is to help parents and carers:**

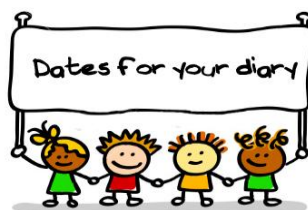

- Understand why their child or young person might become overwhelmed.
- Reflect on what might trigger certain distressed behaviours and how to implement pro-active and re-active strategies.
- Develop a support plan which they can share with other family members and schools to ensure a consistent approach.
- Meet with other parents/carers for peer support.

**Tuesday 24th June  
Wednesday 2nd July &  
Tuesday 8th July**  
10am - 12noon

**The Costessey Centre  
Longwater Lane
