Message from Gyles

Thank you for all the contributions today whether money or cakes or both! It has been lovely to see all the different outfits the children have put together for Children in Need. All the classes have spent some time looking at why it is such an important charity to support and the difference it makes to so many children's lives across the country.

We are now looking forward to next week with our maths week. Staff have been very busy planning a whole range of activities to give the children opportunities to use their maths knowledge in a number of different areas and ways. We are looking forward to seeing lots of you in school next week to join in some activities.

We would also like you to get involved with your child when you are out and about. We would like to see how many different numbers we can collect. It could be on a road sign, advert, food packet, or in a supermarket. If you snap a photo and email it to the office we can print them and share them.
