

Spiritual, Moral, Social and Cultural Policy

Hainford VC Primary School

HOPE COMPASSION RESPONSIBILITY

HAINFORD VC PRIMARY SCHOOL

SPIRITUAL, MORAL, SOCIAL AND CULTURAL (SMSC) POLICY

Introduction

Our school promotes a Christian ethos, and, by example and direct teaching, follows and promotes the teachings of Jesus, whilst recognising that not all of its members will be practising Christians.

We recognise that the personal development of pupils, spiritually, morally, socially and culturally, plays a significant part in their ability to learn and achieve.

We therefore aim to provide an education that provides pupils with opportunities to explore and develop their own values and beliefs, spiritual awareness, high standards of personal behaviour, a positive caring attitude towards other people, an understanding of their social and cultural traditions and an appreciation of the diversity and richness of other cultures.

This is a whole school issue.

All curriculum areas have a contribution to make to the child's spiritual, moral, social and cultural development and opportunities for this will be planned in each area of the curriculum.

The integrity and spirituality of pupils from other faith backgrounds will be respected and explored. The diversity of spiritual traditions will be recognised, and pupils will be given access to alternative views.

All adults will model and promote expected behaviour, treating all people as unique and valuable individuals and showing respect for pupils and their families.

The school community will be a place where pupils can find acceptance for themselves as unique individuals, and where forgiveness and the opportunity to start again is fundamental to the ethos of the school.

Pupils should learn to differentiate between right and wrong in as far as their actions affect other people. They will be encouraged to value themselves and others.

Pupils should understand the need for rules and the need to abide by rules for the good of everyone. School and classroom rules should reflect, reiterate, promote and reward acceptable behaviour.

All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible. This will be reflected in teacher's planning and purchasing decisions.

Aims

At Hainford VC Primary School, the children and their learning are at the very heart of every decision made. We aim to develop learners who are passionate, take ownership of their learning and are proud of their achievements.

The ethos of our school is such that all people who come into our school, whether staff, pupil, parent or visitor, are valued as individuals in their own right. They should set, and be entitled to expect from others, good standards of behaviour, marked by respect and responsibility.

The school will help the students to develop an inner discipline and will encourage pupils to not just 'follow the crowd' - they will make up their own minds and be ready to accept responsibility for what they do. They will grow through making choices and holding to the choices that they have made. They will want to be honest with themselves and with others.

General Aims

- To ensure that everyone connected with the school is aware of our values and principles.
- To ensure a consistent approach to the delivery of SMSC issues through the curriculum and the general life of the school.
- To ensure that a pupil's education is set within a context that is meaningful and appropriate to their age, aptitude and background.
- To ensure that pupils know what is expected of them and why.
- To give each pupil a range of opportunities to reflect upon and discuss their beliefs, feelings and responses to personal experience.
- To enable pupils to develop an understanding of their individual and group identity.
- To enable pupils to begin to develop an understanding of their social and cultural environment and an appreciation of the many cultures that now enrich our society.
- To give each pupil the opportunity to explore social and moral issues, and develop a sense of social and moral responsibility.

Spiritual Development

The school will develop a climate or ethos within which all pupils can grow and flourish, respect others and be respected; accommodating difference and respecting the integrity of individuals.

Moral development

As a school we aim to provide learning opportunities that will enable pupils to:

- Recognise the unique value of each individual.
- Recognise the challenge of Jesus' teaching.
- Listen and respond appropriately to the views of others.
- Gain the confidence to cope with setbacks and learn from mistakes.
- Take initiative and act responsibly with consideration for others.

- Distinguish between right and wrong.
- Develop an ability to think through the consequences of their own and others' actions
- Have an ability to make responsible and reasoned judgements
- Ensure a commitment to personal values
- Have respect for others' needs, interests and feelings, as well as their own
- Develop a desire to explore their own and others' views, and an understanding of the need to review and re-assess their values, codes and principles in the light of experience
- Show respect for the environment.
- Make informed and independent judgments.

Our school develops pupil moral development by:

- Providing a clear moral code as a basis for behaviour which is promoted consistently through all aspects of the school
- Promoting racial, religious and other forms of equality
- Giving pupils opportunities across the curriculum to explore and develop moral concepts and values - for example, personal rights and responsibilities, truth, justice, equality of opportunity, right and wrong
- Developing an open and safe learning environment in which pupils can express their views and practice moral decision making
- Rewarding expressions of moral insights and good behaviour
- Recognising and respecting the codes and morals of the different cultures represented in the school and wider community
- Encouraging pupils to take responsibility for their actions, for example, respect for property, care of the environment, and developing codes of behaviour, providing models of moral virtue through literature, humanities, sciences, arts and assemblies; reinforcing the school's values through images, posters, classroom displays, etc.

Teachers always discuss with their classes a code of conduct or class rules for the classroom based on Hainford's core values, PATHS and our Behaviour policy. We teach the children to be aware of their own actions, take responsibility for their own bodies and encourage independence. We will help the children to identify their feelings and think these through so that they are expressed in behaviour that is socially acceptable.

This is done through collective worship, PSHE and PATHS sessions. We are interested in the development of the whole child and will endeavour to raise their self-esteem through praise, rewards such as House Points, Star of the Week and Values awards and other means that highlight both academic and social achievements (please refer to our Behaviour Policy).

Teaching and Organisation

Development in SMSC will take place across all curriculum areas, within activities that encourage pupils to recognise the spiritual dimension of their learning, reflect on the significance of what they are learning, and to recognise any challenges that there may be to their own attitude and lifestyle.

All curriculum areas should seek illustrations and examples drawn from as wide a range of cultural contexts as possible.

Class discussions will give pupils opportunities to:

- Talk about personal experiences and feelings.
- Express and clarify their own ideas and beliefs.
- Speak about difficult events, e.g. bullying, death etc.
- Share thoughts and feelings with other people.
- Explore relationships with friends/family/others.
- Consider others' needs and behaviour.
- Show empathy.
- Develop self-esteem and a respect for others.
- Develop a sense of belonging.
- Develop the skills and attitudes that enable pupils to develop socially, morally, spiritually and culturally — e.g. empathy, respect, open mindedness, sensitivity, critical awareness

Many curriculum areas provide opportunities to:

- Listen and talk to each other.
- Learn an awareness of treating all as equals.
- Agree and disagree.
- Take turns and share equipment.
- Work cooperatively and collaboratively.

Links with the wider community

- Visitors are welcomed into school.
- Links with the Church are fostered through links with the local church and the Diocesan Board of Education.
- The development of a strong home-school link is regarded as very important, enabling parents and teachers to work in an effective partnership to support the pupil.
- Pupils will be taught to appreciate their local environment and to develop a sense of responsibility to it.

Monitoring and Evaluation

Provision for SMSC is monitored and reviewed on a regular basis.

This is achieved by:

- Class teachers will take responsibility for identifying aspects of SMSC throughout the curriculum and evidencing this through displays, children's work and planning. Alongside the Head of School and Subject leads, provision will be monitored to celebrate and share good practice and identifying and shortfall.
- The Executive Head and deputies shall have oversight of this policy but the provision of SMSC will be monitored by the Head of School and the Subject leader for RE.

Pupil Voice

The term 'Pupil Voice' describes how pupils give their input to what happens within the school and classroom. Our desire is for pupils to know that their expertise, opinions and ideas are valued in all aspects of school life. Pupil Voice permeates all levels of our work together, from pupils participating in small group classroom conversations to students establishing procedures, events and contributing to the overarching ethos of the school.
