

Christian Distinctiveness

Computing

As in the parable of the mustard seed, we provide children with a range of experiences and opportunities which gives them the confidence and belief to do their best and believe anything is possible for them.

Through our creative and broad computing curriculum, we aim to equip all children with the tools to flourish now and in the future.

Staying safe online is an integral part of the curriculum and promotes compassion, hope and responsibility to look after ourselves and all of our flock.
