

FRETTENHAM PRIMARY SCHOOL

PHYSICAL EDUCATION & SPORT PREMIUM 2022 – 2023

INCLUDING IMPACT STATEMENT 2021 – JULY 2022

PHYSICAL EDUCATION & SPORT PREMIUM

SPEND 2021 – 2022

£16,730

In the current Yr. 6 cohort: 77% of pupils can swim confidently and proficiently over 25metres.

55% of pupils can use a range of strokes effectively

88% of pupils can perform safe self-rescue

COST	PROPOSAL	EXPECTED IMPACT	IMPACT
£1500	Maintenance and insurance of minibuses. Employment of driver	Competitions and festivals have restarted. Having transport enables more pupils to access more events. An employed driver enables a greater number of staff, not qualified to drive, to accompany children to fixtures and sporting events thus raising the whole school profile of physical education. It also avoids supply teacher funding.	Pupils across the school have accessed sporting events and competitions. These include Nebula events in a variety of sports and local association athletics competition at a bespoke, multi-disciplinary athletics venue.
£344	Purchase of sensory circuit equipment	Pupils have access to daily sensory circuits. This enables them to regulate and manage transitions, impacting their ability to access the broader curriculum.	Pupils struggling to settle in the morning were able engage in purposeful, physical activity enabling them to transition calmly into the classroom. At the end of the day pupils had the opportunity to ‘burn off’ excess energy before moving to the home environment.
£300	Purchase of additional equipment to broaden physical education experience and increase active lunchtimes.	Equipment to motivate participation will lead to improved fitness and levels of skill throughout the school.	Equipment, including mini-goals was purchased to enhance hockey and football lessons as well as equipping Play Leaders to

			instigate active break and lunch times.
£200	Attendance at all available adapted games events organised through the SSP. <i>Costs are related to transport and staff cover.</i>	Pupils with SEND benefit hugely in participating in adapted sports/games, primarily in areas of self-esteem, enjoyment, courage.	Attendance at adapted games events increases the confidence and resilience of those who take part. It also introduces them to new sports accessible to them.
£3200	Pupils will continue to compete in SSP arranged competition; local leagues and, increasingly, in Nebula competitions and festivals as the partnership with the Community Sports Foundation develops. <i>Costs are related to subscriptions; transport; purchase of Nebula trophies; supply costs covering attending staff; hiring of venue and provision of referees/coaches.</i>	We aim to increase the participation of our pupils in regular competition by 50%., including cross country.	During the course of the year pupils in year groups 1 – 6 have accessed competitions in multi-sports; rugby; cricket; athletics; cross country. Apart from the physical benefits, children learn to win with humility and lose with grace, learning from the experience. They also begin to understand the enjoyment and responsibilities associated with belonging to a team.
£3500	Specialist physical education teacher employed to engage and motivate children and upskill other staff	More pupils will have access to high quality physical education, their skill levels will increase and they will be able to apply the skills learnt. Non-specialist staff and the PE apprentice will benefit from high quality CPD.	Pupils with access to high quality physical education teaching know more and remember more. They have made significant progress in skill acquisition and engagement with physical activity.
£5931	Engagement of a PE apprentice. This provides support to staff teaching physical education and structured activity at lunchtimes. Apprentices have also been trained	Pupils in lessons will have more individual support; they will have young role models; behaviours at lunchtimes will be positive and pupils will be	The engagement of a PE Apprentice enabled sensory circuits to be run; 1:1 provision during

	to run sensory circuits.	more active. Sensory circuits can be run at various times during the day, meeting the needs of more children.	lessons if required and small group work to be undertaken in lessons. The apprentice was also the lead adult for playleaders, facilitating more active lunchtimes.
£90	Affiliations to local associations	Access to football, cross country and athletic competition for pupils who would not otherwise be able to compete against other schools.	This has enabled pupils to take part in competition and staff to become part of the local network.
£2800	Contribution to a new mobile sensory space to be available to Frettenham	Pupils will have access to a sensory space at Frettenham, fully equipped with a bespoke sensory unit to aid sensory processing and sensory integration. This enables pupils with physical, sensory needs to access the broader curriculum, improving their learning outcomes.	Pupils who struggle with transitions or who have sensory needs benefit from having access to a facility which offers them space and a calming environment. These pupils are able to more easily access the broader curriculum as they are 'ready' to learn.

PHYSICAL EDUCATION & SPORT PREMIUM PROPOSED SPEND

ACADEMIC YEAR 2022 – 2023

£16,630

COST	PROPOSAL	EXPECTED IMPACT
£5,422	Employment of a specialist, physical education teacher to raise standards and up-skill other members of staff.	Pupils who receive high quality physical education lessons make faster progress in skill acquisition, are more successful in transferring their skills and are more likely to enjoy physical activity.
£1,000	Maintenance of mini bus and associated costs.	Competitions and festivals are scheduled for the year. Having transport enables more pupils to access more events. Children attending fixtures and sporting events raise the whole school profile of physical education. The mini bus, in conjunction with other Nebula buses, enables a class of children to go to another school to access gymnastic equipment.
£200	Attendance at all available adapted games events organised through the SSP. <i>Costs are related to transport and staff cover.</i>	Pupils with SEND benefit hugely in participating in adapted sports/games, primarily in areas of self-esteem, enjoyment, courage.
£600	Pupils will continue to compete in SSP arranged competition; local leagues and, increasingly, in Nebula competitions and festivals as the partnership with the Community Sports Foundation develops. <i>Costs are related to subscriptions; transport; supply costs covering attending staff; hiring of venue and provision of referees/coaches.</i>	We aim to increase the participation of our pupils in regular competition year on year. Offering a range of events which include coaching followed by coached matches; Nebula inter-school competition and league and district leagues, we aim to involve all levels of ability and experience.
£2,878	Employment of midday supervisory staff.	Staff will facilitate active play for all children and organise structured activities to motivate and challenge pupils.
£80	Affiliation fees for local associations	Access to football, cross country and athletic competition for pupils who would not otherwise be able

		to compete against other schools
£6,500	Contribution toward Nebula employed PE Apprentices	Although not permanently present in school these apprentices attend Nebula competitions and assist all pupils. They are also available to advise on sensory circuits and lunchtime activities. They are role models and advocates of physical activity.
£80	Dance taster for all pupils	Introducing children to Hip Hop with links to local class availability intends to inspire them to dance beyond the curriculum.

PLEASE NOTE, THIS IS A WORKING DOCUMENT AND SUBJECT TO CHANGE, PARTICULARLY WITH REGARD TO STAFFING COSTS WHEN TAKING PUPILS OFF SITE.
