

Hainford VC Primary School's eco code

We must think about the options we choose.

We need to reduce the energy we use.

Please turn off the devices and lights.

Don't leave them on during breaks and nights.

Let's reduce the waste we make every day,

Remember to recycle don't throw it away.

Reuse a scrap paper to create something new,

And please pick up litter you threw.

It's very important that we plant lots of trees,

we need to save the birds and the bees.

Why not eat some of the fruit we have grown,

Instead of the food that the shops have grown.
