Welcome back and I hope you had a lovely Christmas holiday and New Year even though it is already starting to feel like a distance memory! The children have come back really positively although there were a few tired ones at the start of the week as they got themselves back into the swing of things, the atmosphere around school has been really purposeful and focused. Patrick has taken over in Class 3 and having had the opportunity to shadow Roxy before Christmas has really helped both the children and him. Along with that we would like to wish Roxy all the best as she leaves us (only for a while) to start her family.

PE Kit

Please can you ensure PE kit kept at school each week (including outside change of shoes). It really helps if we have changes in the timetable which does happen from time to time. We would like to get back on the field as soon as possible and changing into PE shoes is really useful to stop walking mud through the classrooms in the afternoon.

Gaming

If over the Christmas holiday you became a new parent to video gaming or are constantly having arguments with your children about how long they spend playing games then have a look at the askaboutgames.com website. Research shows only 1 in every 5 families use the parental controls available on gaming devices. Today, a new campaign has been launched called Get Smart About Play to encourage more parents and carers to use the tools to help control game time and age-related access to consoles. Using the controls can be a good way to have a discussion with your children and come to an agreement about how long they can spend on their consoles and then hopefully avoid arguments.
