CLASSROOM ASSISTANTS

**Would you like the opportunity to work with children
and support them with their learning?**

This interesting and rewarding role will require a special kind of person. Are you a flexible, child centred and committed person who:

- Is passionate about ensuring all children are supported to do the best they can and can make learning irresistible for children
- Can form positive relationships with children and staff
- Is able to use your initiative to support learning and behaviour and be adaptable to situations and work well as part of a team
- Is enthusiastic, warm, caring, understanding, motivated, reflective and patient with a positive outlook?

Our priority is to develop the whole child, both emotionally and academically. We bring together the most committed people to provide a rounded education including additional learning support as required, to ensure we succeed in enabling our children to flourish.

We can support you too. We believe in investing in our staff as individuals, offering opportunities to develop skills and experiences while working as part of one supportive team. Being a part of the Nebula Federation's family of schools offers our employees unique experiences and training opportunities that help develop both existing and new skill sets.

If you are interested and would like further details, please get in touch:
