

Each year  
humans pump 18 billion tons  
of CO<sub>2</sub> into the atmosphere

## NEWS FLASH

Each year we are  
losing 18.7 acres of forest  
**SHOCKING**

Hello

We are the Frettenham Primary School Eco Committee. We would like to propose to you some changes to make the school more eco friendly. We feel that sending Christmas cards to each other in school is not environmentally friendly and expensive.

We don't want to sound like the Grinch so if children want to give their friends a Christmas message we will prepare (using recycled paper) Christmas notelets for them to use. These festive messages will be displayed in the classroom and can double up as baubles too.

Happy Christmas

George Daisy Eliza Isobel Harry O and Tayla

Each  
minute we are  
losing the area of  
28 football pitches of  
forest. Bonkers

17% of the  
Amazon Rainforest  
has been lost in  
the last 50 years
